Upon taking the Certified Equipment Design Seminar you are granted BISSC In-House Trained Inspector Certification that is valid for four years. Certification should be renewed within the 12 months prior to your expiration date. Renewal will grant you an additional four year certification. Listed below are the training options that can be considered to fulfill renewal requirements.

This exam covers the information learned in the Certified Equipment Design seminar, the Design Handbook (<http://www.bissc.org/designhandbookinstallation.html>), and the ANSI/BISSC/Z50.2 Standard. The cost of the exam is \$125. It is a 60 question certification exam and you must pass with a score of 80% or higher. You will have 30 days from the date of enrollment to complete the exam. To enroll in the exam, please complete and return to us the enrollment form. Once we receive your completed form and process the payment, you will receive an email with instructions on how to take the exam. The form can be found by clicking this link: <https://www.aibonline.org/foodsafetyeducation/seminars/bisscenrollment.html>
